

Life Group Questions

Real, Actual, Living Faith - For Sunday, April 8

Primary Passages:

Gen 29-31

Colossians 1:9-14; 1 Cor. 2:14

Questions:

Please think about these questions and take time to write your responses to them during the week. Consider sharing one or two of your responses with your group when you meet.

Your Story: We saw Jacob in Gen 29-begin to own and live out the faith that was previously his parents by relying increasingly on the promise of God found in Genesis 28:13-15. Not everyone was raised in a Christian home, but most of us have spent at least some time thinking about whether Christianity is actually “real” or not. Could you share with your group where you’re at with this and why? What events helped shape this theology?

Spend time in prayer this week asking God, through his Spirit, to reveal areas of your life needing to be shaped by the resurrection, the promise of new life from God.

Spend time as a group praying for each other about these things. If there is any way you can help each other respond to God’s prompting this week, make plans for it. For example, if there are any conversations you need to have, spend time setting up some coffee dates, or asking your group to pray for those conversations.
